1889-90. The Handstamp Surcharges.

1 Att. on 2 Att.

Type 1.

Setting B.

The arabic numeral is inserted separately
from the rest of the surcharge.

The second stamp shows
the variety 'Arabic figure 1
double'.

The very irregular alignment
of the surcharge seems to
indicate that this stamp belongs
to this setting.

Arabic numeral omitted.

This stamp may really belong
to Setting A, as the similar
errors shown on another page
undoubtedly do.
